

Subject: **Brokerage Structure Q1 - FY 2020**

I am pleased to share with you the commission payout structure applicable for our mutual fund schemes. We are all aware that SEBI vide circular no **SEBI/LAD-NRO/GN/2018/51** dated December 13<sup>th</sup>, 2018 has revised TER slabs effective April 1<sup>st</sup>, 2019. While the impact is far reaching across the industry, in our case the only fund which has a large corpus is MultiCap 35 and hence that's where the impact on pricing is limited to. Our other schemes may go through changes with passage of time as the corpus appreciates but currently there are negligible changes in those other schemes.

The structure hereby enclosed is applicable for new sales done in the Quarter1 FY 19-20 or till such time there is any change in TER due to change in size of the AUM of schemes, whichever is earlier. Further since the regulatory changes impact the total AuM and not just incremental flows, as a result the entire AuM is also to be re-priced. In order to avoid complications and confusion and to arrive at a fair sharing of whatever customers pay us, we are communicating a uniform sharing of impact on the existing assets (Refer the brokerage structure).

Coming back specifically to Motilal Oswal Multi-Cap 35 Fund the total impact of regulatory changes means a decline of 21 bps (0.21%) in the base TER. Given the current nature of sharing with our distributors the equation works out to a 15 bps decline in the distributor commissions and a 6 bps decline in our retention.
